TRANSFORMING LIVES THROUGH SPORTS

Victory Sports Foundation (VSF) aims to empower and equip children to take charge of their lives via sports. While our core philosophy is inclusivity in sports, we target the overall development of youngsters so we can build a generation of conscientious citizens who will some day become role models and contribute meaningfully to society. Over the years, we have impacted thousands of lives positively. This would not have been possible without the support of all our donors, volunteers and many other helping hands. To keep you all posted on all we do, I am pleased to share that we are launching our quarterly newsletter 'Yuva Shakti'. Through this, we'd like to give you a glimpse of our key activities, updates and all the fun that we have on-field. We look forward to your comments and feedback on this initiative.

WHO WE ARE

Victory Sports Foundation (VSF) is a non-profit organization dedicated to improving the lives of disadvantaged children through sports. The organization was founded on the belief that "Every child, regardless of its background, has the right to participate in sports".

In addition to providing children with all the support they require to excel in sport and preparing these children for a healthy life through sport, a strong emphasis is placed on developing a spirit of resilience and social awareness that will eventually assist them in breaking free from the cycle of marginalization and unfortunate circumstances into which they are born.

By using sports as a vehicle for social transformation, we inculcate life skills such as discipline, focus, integrity, confidence, and sensitivity in them.

OUR VISION

Every child has the right to access sports, irrespective of their background.

WHAT WE DO

Children, regardless of their circumstances, have limitless energy. At VSF, we want to use sports like football and boxing to channel that energy positively. Sports provides children with a platform to feel empowered, uplifted, and secure; teaching them to deal with hardships and strive hard for a bright future.

ACCESS TO SPORTS

We aim to ensure that every child stands an equal chance to participate in sports, perform well on the field, and keep fit. Some of the programmes we run to attain this goal are as follows:

STAKEHOLDERS SPEAK

"I started my journey as a student at VSF, where I was provided with the opportunity to hone my talent over six long years. The journey has been incredible. Today, I am a certified trainer who coaches young children on football and hockey. I am also a personal fitness trainer. This would not have been possible without the support provided by VSF".

Mr Barani

Ex-Student, Fitness Instructor

"Victory is an excellent platform for children to engage in fitness activities, challenge themselves, and get better every day. I enjoy the time I spend coaching here and the positive impact I see on the children".

Mr Vignesh

Coach, VSF

Mrs Manimegalai (Mother of Muthu)
Name Changed**

"After the Covid lockdown, my son became extremely quiet, lazy, and spent all his time watching TV. He showed little to no interest in anything or anyone around him. I was worried that his health would be affected and enrolled him for football coaching in Victory Sports Foundation's sports hub about four months ago. Today, he is back to his sprightly self, is motivated to wake up early, goes to his classes on time, and spend time with his friends. I want to thank the coach and the team at Victory for their support".
