SPORTS FOUNDATION
ANNUAL REPORT
2023

Foreword by S.K. Thanigaivelan,

Managing Trustee, Victory Sports Foundation

Dear All,

I am delighted to present Victory Sports Foundation's (VSF) Annual Report for the year 2022-2023. This report provides insights into our activities, updates on our accomplishments, and highlights the achievements of our beneficiaries and partners as we continue our mission of empowering underprivileged children and youth through sports.

Since our humble beginning in 2004 as a small boxing initiative, we have been fortunate to receive the support and enthusiasm of our dedicated team, donors, volunteers, funders, and corporate partners. Together, we have made a positive impact on the lives of over 3500 children in Tamil Nadu. We are immensely grateful for your faith and investment in our cause.

At VSF, we strive to empower the grassroots sports community. This year, we introduced a groundbreaking career counseling program for sports students, and our efforts have led to numerous competition wins for the children we support. Notably, students from Madaras Hub and Cheyyar Hub achieved great success by winning the CM trophy. We also organized impactful events such as sports kit distribution, the Swami Vivekananda tournament, and Nari Sakthi, all of which contribute to our mission of empowering vulnerable communities through sports.

We are proud to have received recognition from esteemed civil society groups and organizations like Indian Bank and Pavithram Trust, who have honored and supported our initiatives and principles. None of our achievements would have been possible without the unwavering support of our donors, volunteers, and partners. Your contributions have turned VSF's dream of inspiring young students into a reality.

Thank you for being an integral part of the Victory Sports Foundation Family.

**With warmest regards,
S.K. Thanigaivelan
Managing Trustee, Victory Sports Foundation**

1. About VSF

Despite having over 365 million people under the age of 25, Indian youth have yet to make a significant impact on the world of sport. Organized sports remain a luxury in India, with only the privileged section having access to them. Any effort to increase representation and equality in sports involves time and money, putting children from low-income families at a disadvantage.

Victory Sports Foundation is a non-governmental organization Co-founded in 2009 by Mr S. Thanigaivelan, Mrs Sharmistha Sen and Mr Veerendra Mathur to develop and promote sporting programmes for underprivileged children. Our focus has always been to foster Children's overall development via sports by emphasizing moral values, discipline, teamwork, fair play and fun.

We bring organized sports coaching to the grassroots level. In addition to encouraging our students to participate in events and tournaments, we even provide them with every support they need to become better sportspersons and human beings.

5. The years gone by - Fond memories since 2004

1. 17th Annual Kit Sports Kit Distribution

Playing sports without proper gear can be very dangerous, and if we are not careful enough, a fun game can lead to a hospital visit. Wearing the proper gear drastically reduces the chances of getting injured and enables us to focus on the game without worrying about accidents that might occur. Provision of proper sports kits and protective equipment is a crucial part of injury prevention in sports. At VSF, we are committed to protecting our children from possible dangers on the field, and that remains our top priority.

The Sports Kit Distribution is an annual event of Victory Sports Foundation, conducted on the 1st of January every year. This year, the annual kit distribution event was held on January 1st at the Yelagiri School. A total of 144 kits were distributed, consisting of 104 General Kits and 40 Special Kits for the students who have represented the school in state-level Boys Under-14 and Girls Under-17 football matches. The kits were distributed to the students in the presence of Chief Guest Mr. Shantanu Dutta, Mrs. Sharmistha Sen (Trustee, Victory Sports Foundation), Mr. Srinivasan, AHM, Mr. Ramaswamy, and Mr. S.K. Thanigaivelan. The kits included jerseys, shoes, shorts, and kit bags.

2. 5th Edition of Swami Vivekananda Youth Football Championship - 2023

Victory Sports Foundation strongly believes in the teachings of Swami Vivekananda. To commemorate his 150th birth year celebration, we initiated the 'Swami Vivekananda Youth Football Championship' in 2014 in association with Satyananda Yoga Education Charitable Trust. The idea behind this tournament is to instill the values of Swami Vivekananda in youngsters through sports.

After a hiatus of two years due to the COVID-19 pandemic, the Swami Vivekananda School Football Tournament was organized as a part of the National Youth Day celebration. We were delighted by the turnout, which exceeded that of previous years in all three districts where the event was held - Jolarpettai, Chennai, and Nilgiris. The 5th edition of the tournament kicked off in Jolarpettai district on January 12, 2023. This was followed by tournaments in Chennai (January 13) and Nilgiris (January 24).

It was a delightful sight to see the excitement and sportsmanship demonstrated by each of the twelve teams from each district. We provided lunch and drinks to all participants, including players, coaches, members, and support personnel. The tournaments in all three districts were attended and inaugurated by reputed chief guests who honored the winners and runners-up by presenting trophies and medals.

We would like to express our gratitude to Satyananda Yoga Education Charitable Trust for their participation in this endeavor, and we look forward to continuing our efforts to promote Swami Vivekananda's values through sports.

3. Nari Saktthi Tournament - Season 4

At Victory Sports Foundation, we believe that every woman has the right to pursue her aspirations, especially in sports. We have made significant efforts over the years to create a safe and gender-sensitive atmosphere for women to showcase their strengths and excel in sports.

The fourth edition of the Nari Shakthi Trophy football tournament was organized by us on March 7 and 8 at Jawaharlal Nehru Stadium, B ground, Periyamet. The tournament was held to celebrate International Women's Day and highlight the importance of gender equality and women empowerment. We were thrilled to witness a significant increase in the representation of low-income women in sports.

The tournament was organized in association with the Chennai Football Association (Ad-hoc Committee) and was supported by the Kaleesuwari Foundation, Thejo Engineering Ltd, and Chennai City Police. Lunch and refreshments were provided to all the participating team members, coaches, staff, and support staff.

The winners and runners-up were honored with trophies and medals by our chief guests. The Football Plus team managed to defeat SDAT in the final match and emerged as winners.

Our goal with this competition was to break down gender stereotypes and assist women in overcoming the barriers that prevent them from achieving their goals. We will continue to support and encourage women in sports while working towards making society more inclusive for all.

CM Trophy

Victory Sports Academy's efforts are bearing fruit as we continue to guide our students to success in sports and in life. Our approach extends beyond training and coaching to include promoting healthy living and providing mindset coaching for our students. We believe that every student should have access to the necessary supplies, sponsors, and resources to excel in sports.

The Sports Development Authority of Tamil Nadu recently organized the Chief Minister's Trophy sports tournament, which provided a fantastic opportunity for sports enthusiasts across the state. We are pleased to announce that three of our teams emerged as first-place winners in the state tournament. It is a remarkable achievement for our Government Madrasa team from Chennai, Beyond Sports Academy from Thiruvannamalai, and Victory Sports Foundation from Tirupattur.

It is truly encouraging to see that our efforts to bridge the gap and support rural and urban underprivileged children in pursuing their dreams are yielding positive results. Our students have demonstrated that with our coaching and their hard work, they can accomplish anything they set their minds to. We extend our heartfelt congratulations to our winners and eagerly look forward to participating in many more competitions in the future.

2. Project Kana

We are pleased to share the success of Project Kana, a three-day program held on February 11, 18, and 19, 2023, at Sathyamurthi Higher Secondary School in Teynampet. The program aimed to inspire students and help them explore diverse career choices in sports beyond playing and coaching. Eminent guest lecturers from various sports fields enlightened the students about the wide range of opportunities available in sports. More than 30 students participated each day, and they were provided with lunch, refreshments, and certificates. The program covered 14 topics over 30 hours, including sports science, sports analytics, personality development, sports motivation, and career options in yoga.

Contributions from Indium Software, Vishvodayaa Trust, Balamandir Kamaraj Trust, and Tamil Nadu Sports University played a crucial role in the success of this program.

3. Sports Day at Government Schools

Sports days are significant for students as they promote physical health, teamwork, character building, and overall personality development. However, students in government schools often lack opportunities to participate in sports days. As part of VSF's "Opportunity 4 All" initiative, we organized sports days at two government schools.

A. Karapakkam High School:

After a gap of 14 years, we reinstated the Annual Sports Day Meet at Karapakkam Government High School on January 31. The event included various athletic competitions and separate events for teachers. It provided a platform for students, including special child Deepan, to showcase their abilities and gain self-confidence.

B. Corporation School - Kotturpuram:

On March 31, 2023, Victory Sports Foundation assisted Chennai Corporation School in organizing its first-ever Annual Sports Day Meet at Corporation Ground in Kottur. Over 300 students participated in 24 events, with equal participation from boys and girls from 6th to 9th standard. Chief Guest Film Actor Dr. Dhamu and K.R. Kathir Murugan M.B.A., Councillor Division -170, Greater Chennai Corporation, presented medals and merit certificates to the winners. The event witnessed an enthusiastic response from students, parents, and teachers. Approximately 180 students received medals and certificates.

Through these sports day programs, we instilled in students the importance of participation rather than just winning or losing. It brought hope, smiles, and awareness about the value of sports and its impact on individuals and communities among children, parents, and instructors.
